## **NHDES and NH Division of Public Health Services to Discuss Results of Drinking Water Tests Related to Investigation of Perfluorochemical Found in Drinking Water**

Concord, NH – The New Hampshire Department of Environmental Services and the Division of Public Health Services, in coordination with the Towns of Merrimack and Litchfield, invite the public to Public Information Meetings to be held in the Towns of Merrimack and Litchfield to discuss the results of recent drinking water tests related to an investigation of the presence of perfluorooctanoic acid (PFOA) in drinking water at the Saint-Gobain facility in Merrimack.

### **Meeting Information:**

#### **Merrimack:**

Wednesday, March 23, 2016, 7:00 p.m.

Mastricola Elementary School all-purpose room

7 School Street, Merrimack, NH 03054

#### **Litchfield:**

Thursday, March 24, 2016, 7:00 p.m.

Litchfield Middle School cafeteria

19 McElwain Drive, Litchfield, NH 03052

For background information related to the investigation please refer to the media release issued on March 4, 2016 (<http://des.nh.gov/media/pr/2016/20160304-saint-gobain.htm> ). For more information related to the Public Information Meeting, please contact Jim Martin, NHDES Public Information Officer at 603 271-3710.
